

I did have a great time with you, Dave & Kristi last fall. You took wonderful care of everyone on the trip no matter her experience or ability. You were patient in schooling us in the basics of kayaking so we could all enjoy being on the lake and in those beautiful hidden canyons. It is spectacular to be able to see the cathedral-like grandeur of some of them from the quietness of a kayak rather than roaring up them on a wave runner. I also liked being able to hike at the end of some of the side canyons. It felt good to stretch and use some different muscles after being in the kayak.

I'm sure there's always room for improvement, but I don't know how you could improve much on the experience I had. It was with good friends, great guides, wonderful and plentiful meals, and although you have no control over it, the weather was perfect. What could have been better?!? I can't wait to return this September.
